

NEW MONCLER BOUTIQUE IN TAIWAN — TAIPEI 101

August 2015 – two years after Moncler made its debut in Taiwan, the brand is increasing its retail network by opening the new premise in Taipei 101 Mall. Located in the heart of the city, Taipei 101 is not only the landmark in Taipei, but also the most premier shopping destination that brings together the comfortable atmosphere, delightful shopping experience, and architectural aesthetics.

The design of the boutique's interiors has been entrusted to the Gilles&Boissier architectural firm, which handles the design of Moncler's retail network for years. The boutique covers a surface area of approximately 250 m². Two large shop windows introduce the customers to the world of Moncler, which is emphasised by the elegance of the *chêne fumé* wood panelling used for the wall and ceilings, and the modern effect created by the glass and metal used for the display area, as well as the Carnico grey marble used to pave the floors.

The new boutique will present the complete Moncler universe: Moncler Gamme Bleu and Moncler Gamme Rouge, the collections where Moncler technical and sporty origins meet tailoring; Moncler Grenoble, the performance wear perfectly combines the vintage contemporary aesthetics; and the most popular day-to-day city life style – Moncler collection and accessories, together with the special collaborative collection and *Enfant* collection.
