

“WARMLY MONCLER” FOR UNICEF

Milan, 18 October 2018 – For the second year Moncler renews its commitment to help the most vulnerable children living in some of the coldest countries in the world where climatic and social conditions are challenging, by strengthening its partnership with UNICEF through the “WARMLY MONCLER” project.

Through the “WARMLY MONCLER” for UNICEF project, Moncler supports a winterization program that offers to thousands of babies, children and their families, medicines and basic necessities, newborn kits and blankets to protect them from the cold. Furthermore, from this year on, Moncler will support UNICEF in facilitating access to education in kindergartens and schools.

In a year, it is estimated that over 27,000 children and parents, mainly living in Nepal and Mongolia, will benefit from these initiatives.

On October 18th and 20th Moncler will dedicate to this important project, respectively the spaces of the Moncler Enfant boutique at Via della Spiga in Milan and the Aoyama flagship store in Tokyo, to raise awareness for its clients on the “Warmly Moncler” initiative and on UNICEF’s mission and activities.

Children’s future is a particularly dear topic to Moncler that for many years has been supporting the new generations in need, to guarantee them access to medical care, an adequate level of education and a path to a serene growth.
